HGTV is looking for you!

HGTV (Home and Garden Television) and Weller/Grossman Productions are looking for unique, cool and creative projects designed and done by real people *without* the help of contractors/designers. We're searching for individuals across North America that would like to share their fun stories and incredible results.

This fun and inspirational new program chronicles everyday people and their amazing "did it myself" design endeavors and the one-of-a-kind projects that

transformed their homes! From unbelievable room reinventions, to cool outdoor creations, innovative kids rooms, wild wall treatments, playful pet projects, and more ... we're looking for ideas that break the design mold and make people say "wow!"

So, if you've transformed your garage into a wine room or bowling alley, built Fido his own futuristic pad, designed the most exotic or themed room on the block, created an incomparable fantasy playroom for the kids -- or done something else spectacular and uniquely special to your home, HGTV is looking for you!
